All ex-service men are requested to come in uniform and help form the parade from the courthouse to the station, where the body will be placed on train en route to St. Louis for burial in Memorial Park Cemetery. Omit flowers.

There were a large number of visitors in the valley Saturday, Sunday and Monday, and sleeping quarters were at a premium for a couple of nights. Whenever a holiday comes at the week-end we are always assured of a big lot of visitors from St. Louis.

Dr. C. C. January of Bellevue was in Ironton Tuesday. The Dr. and Mrs. January will leave Sunday for Mount Vernon, Mo., where Mrs. January, who has been in poor health for some time, will spend several months in the State Sanitarium. We hope to announce an early improvement in her condition.

The Ironton schools opened Monday with a total enrollment of 269. The enrollment in the various schools was as follows: high school, 76; first grade, 21; second grade, 29; third grade, 11; fourth grade, 15; fifth grade, 17; sixth grade, 16; seventh grade, 15; eighth grade, 20; Arcadia, 31; Dunbar, 21.

Chas. Harris was convicted in the circuit court in Washington county last week of robbing the Bank of Caledonia in August, 1920, and was given a sentence of thirty years in the penitentiary. An accomplice of Harris' has never been identified nor apprehended. The amount taken in the robbery was \$2890.

The ball game between the Arcadia Valley and Bismarck nines at Fletcher's field Monday afternoon terminated in a wrangle in the last half of the eighth inning, the score at that time being 5 to 3 in favor of the home team. Bismarck was evidently very anxious not to finish the game. It was raining, too.

Misses Maria and Sarissa Carter and Malcolm returned to their home in Louisville, Kentucky, last week, after spending the summer with their grandparents, Mr. and Mrs. S. W. Andrews. Miss Victoria will remain here a couple of weeks longer and then go to St. Louis to attend Washington University.

The Standard Oil Company proposes to put in two tanks, with a capacity of 20,000 gallons each, and an oil house, near the Ironton station. The company expects to expend about \$15,000 and will have the work finished in about sixty days. Mr. Albert Collins has lately been made local agent of the Standard Company.

G. W. Buford went to Rutledge, Mo., last Friday evening to attend a reunion of the Bufords. There were 192 descendants of the Bufords registered, but this is not all of the family. Mr. Buford stated that they were able to trace the Buford ancestors back to the tenth century, although they only have the correct history of the family from the sixteenth century.—Bismarck Gazette.

Rev. and Mrs. L. H. Davis of Arcadia spent Monday and Tuesday night as guests of Mr. and Mrs. J. M. White. They are storing their furniture and making preparations for remaining there the coming winter with their daughter, Mrs. Jessie Boardman, who has charge of the Teachers Training Department in the Ironton high school this year.—Fredericktown Democrat-News.

The drills of the National Lead Company which have been at work in the Annapolis-Des Arc vicinity for the past two months have been taken back to the Lead Belt. While no announcement has been made the impression seems to be that no lead in paying quantities was discovered. This is a disappointment to our people who had great hopes that some valuable deposit would be discovered. In all fifteen holes were drilled, varying from 350 to 600 feet.

Flat River correspondence Farmington News: "Mrs. B. J. Blackwell and two children, of Pittsburg, Penn., who were called to Bismarck some three months ago on account of the illness of her father, R. C. Love, and have since been there, spent from Saturday till Monday here with her sister, Mrs. J. M. Webb, and they with Mr. Webb visited their father in the Bonne Terre Hospital last Sunday. Mr. Love is not as well as he was last week."

Married—At the Fort Hill Parsonage, Saturday, September 3, 1921, Mr. S. A. Ketcherside, of Chloride, and Miss Stella Anderson, of Irondale, Rev. J. W. McKinney officiating. Mr. Ketcherside is employed as bridge foreman on the Missouri Pacific railroad. Miss Anderson is the only daughter of Chas. Anderson and a niece of Mrs. J. W. McKinney. Immediately after the ceremony the young couple, accompanied by Misses Esther and Alma McKinney, made an automobile tour of the Lead Belt, and then departed for Hoxie, Arkansas, where they will make their home for the present.

Flat River News: "The crew of men who went to Annapolis and Des Arc, Mo., about two months ago, by the National Lead Company, to operate the diamond drills returned home Saturday. They having finished the work there for the present. Among those who returned were Messrs S. H. Ramsey, H. Mitchell, C. D. Alexander, John Sullivan, Hallie Moody,

Walter Thurman, Fred Gibson, Albert Hunt, Jess Flanery, Henry Mackley, Abe Delcour, Dave Postelwright, Hunt Hardy, Tait Merritt, Bill Jones, Ed Aufichon. Mrs. S. H. Ramsey and son Paul, Mrs. Jess Flanery and Mrs. Henry Mackley, who have been there for several weeks with their husbands, returned also."

Farmington News: "Farmington will have a new Postmaster or rather a Postmistress during September. Mr. Smith leaves today for Lebanon, Va., to join Mrs. Smith who has been visiting her parents there for several weeks and where he will spend the entire month enjoying his regular annual vacation. During his absence, Miss Allie Patton will serve as Postmistress. Miss Patton has just returned from her vacation which she spent with her mother at Ironton. If Miss Allie handles the job O. K., which we predict she will, during Postmaster Smith's absence, it will just about lead to some Republican woman copping Mr. Smith's job at the expiration of his term."

County Superintendent Hanson spent the greater part of last week in the west end of the county visiting the schools in that section. He says that the closing down of the Sligo Company is manifested all through that region. Many people have already gone away and others are preparing to go. The company has closed out their stores and apparently has quit to stay quit. It is announced that the company wanted to take up their their railroad, the Sligo & Eastern, but it is a chartered concern and must maintain train service unless allowed to suspend operation by the courts. In consequence of all these things the west end, like all the rest of the country, is mighty quiet these days.

Desloge Sun: "The ball game between Bonne Terre and Fredericktown on the Bonne Terre diamond broke up in a row in the last half of the eighth inning when the decision of the umpire was questioned. The play was Dempsey stealing home with a batter up. The umpire first called Dempsey out and when Bonne Terre protested he changed his decision which caused Fredericktown to quit. No coaxing could get the players together and as a last resort three minutes were given to resume or forfeit the game; the latter was chosen. When the row started Fredericktown had the long end of a 3 to 1 score; the game being forfeited the score was marked up 9 to nothing in favor of Bonne Terre."

Missouri State Journal: "George Begley, Jr., of Butler County, who is serving a ten-year sentence in the penitentiary for forger, was notified Tuesday that his wife, Mrs. Edith Ruth Begley, has brought suit for divorce. Begley is known as the rice king of Southeast Missouri and established a number of rice farms in the overflowed and swampy district in that section, and forged the name of his wife's mother and members of his own family to notes on which he collected large sums of money. He admits the forgery was wrong but contends that the farms will prove a benefit to others. He comes from a splendid family in Southeast Missouri, and one of wealth, as does his wife also. He broke down when told that his wife had brought proceedings against him."

Last Saturday shortly before noon Sheriff Marshall received a telephone message from Clarence Ameling and Fred Sohn of Pilot Knob, who had gone hunting on Cedar Creek, beyond Bellevue, stating that some one had stolen their Ford car, which they had left near the road while they went in to the woods to hunt. Sheriff Marshall responded to the call and about five o'clock in the afternoon located the car near Shepard in charge of two boys, who gave their names as Harry Gibson and Thos. Cash, of St. Louis. Nearby was found an old horse and huckster wagon which the boys admitted they had stolen from 6913 South Broadway, St. Louis, the Sunday night previous, and driven to the country. They found the automobile, abandoned their horse and wagon, and drove off in the car. Sheriff Marshall brought the youthful culprits to Ironton and now has them in custody. He has tried to get in touch with the parties in St. Louis from whom the horse and wagon was

stolen but has not yet been successful. Cash gives his age as 17 and Gibson says he is 15.

The following is reproduced from last Friday's St. Louis Globe-Democrat: "The Sligo furnace at Sligo, Dent County, Mo., after being in operation for forty years, manufacturing pig iron, made its last casting yesterday and quit business, thereby closing the only industry in the town of 500 inhabitants, according to dispatches received yesterday. The furnace was conducted by the Sligo Furnace Company, which has offices in the Syndicate Trust Building. C. L. Rogers, president, said yesterday that the location of the furnace was due to the large amount of timber in that part of Dent County. The timber was the source of charcoal used in the furnace instead of coke. With the cutting away of the existing supply the timber had to be freighted from such a distance that the plant no longer paid. Most of the product of the furnace was sold to the American Car and Foundry Company. Those inhabitants of Sligo who plan to find jobs in other places will be allowed by the company to occupy their homes rent free until they do so, said Rogers. The Sligo and Eastern Railroad will continue in operation. The furnace was established in 1880 by William F. Crawford, who was interested in the Salem branch of the Frisco Railroad, connecting Salem and Cuba."

Burks "Uncle Tom's Cabin Show," was in Ironton last Thursday night. The street parade in the afternoon was anything but re-assuring, but, notwithstanding that fact, a packed tent witnessed the show that night. The performance, well, words fail us. We reproduce the following from a recent issue of the Caruthersville Argus: "Burk's Uncle Tom's Cabin Company played here Monday night to a crowd that filled the large tent completely. The audience was composed of all classes of people, from the top crust of society to the lowest strata of the ebony hued descendants of Ham. We were there, but the fact that we were admitted on a pass plus war tax is not to prevent us saying the show was rotten. We venture the assertion that any rural school teacher could get together a half dozen lively stable chambermaids, give them a half dozen rehearsals, and beat this aggregation of fourth-rate barnstormers. It got the crowd as well as the cash, notwithstanding the hard times and unpaid grocery bills. Barnum was right when he said 'one is born every minute.' If Harriett Beecher Stowe had been there she would have regretted having written the story, although it served its purpose, many years ago, in molding a sentiment that resulted in freeing the niggers and turning loose a lot of cattle to become ignorant tools of politicians. We did not permit ourself to suffer through all the painful scenes of the 'drama,' but as soon as Eliza made her escape through the swamp, on her way to Canada, concluding she was out of harm's reach and not needing our further protection, we sought the reviving influence of fresh air. We meant no disrespect to the management or the 'all-star' cast, but since Eliza was safe why should we suffer more? Eliza had suffered enough for both of us and the audience had suffered a solarplexus knockout."

DENTAL NOTICE.

DR. E. R. ZIMMER

WILL BE IN HOME OFFICE

Wednesday, Sept. 14th,
FOR THREE WEEKS

Attention, Comrades All.

The next regular meeting of the Edward Wendell Post, No 64, will be tonight, September 7th, and all members are urged to attend as important business will be taken up.

The time has now arrived to select a delegate to the next State Convention to be held this month and public notice is hereby given to all Legionnaires, as is provided by our constitution; so take notice thereof, as this matter will be disposed of at our regular meeting tonight at 7:30.

There remains only sixty days in which to secure the free trip to the National Convention of the American Legion for bringing in the most new members. Act quick; do not delay until the last minute.

We should have six times the members we now have from Iron County. Are you doing your part? Have you brought in your member? If there is a man in your town who does not belong to the Legion it is your fault. Get busy, snap into it. Bring him in tonight, if you have to drag him; a painless dentist will be on hand to extract the necessary two dollars.

It has been brought to the notice of the Post Officers that one of our comrades of the world war, who is disabled and who cannot work, has had his compensation stopped by the Government. As a result he and his family are slowly starving to death.

Job-work, all kinds, at this office.

A special investigator for the Post was sent to make a complete report and authorized to spend any amount needed for the immediate relief of the family. He will make a complete report of the case to the meeting tonight and steps will be taken to provide relief until permanent relief can again be had from the Government.

Join the Post tonight and help us provide for this comrade and others who may be in distress. It is only a little that we ask but we must have your support and assistance.

LOUIS R. MILLER,
Post Commander.

WANTED.

Will pay \$10.00 per 1,000 for sound oak logs delivered at the Perry Patterson mill, Arcadia, Mo.
